Sarah Mucci, LCSW

smucci@crec.org

Whitney Amundsen, LCSW

wamundsen@crec.org

Administrative Assistant

Rachel Sclare, MA

rsclare@crec.org

School Counselors

School Counselors are responsible for delivering a Student Success Plan to every student at ASI. The Student Success Plan (SSP) is an individualized student-driven plan that will be developed to address every student's needs and interests, to help every student stay connected in school, and to achieve postsecondary educational and career goals. The SSP will begin in the 6th grade and continue through high school to provide the student with support and assistance in setting goals for social, emotional, physical, and academic growth; meeting rigorous high school expectations, and exploring postsecondary education and career interests.

School Social Workers

Social Workers provide services to middle and high school students. Social Work services are either mandated as part of a student's Individualized Service Plan or they may be requested by staff and/or parents. Social Workers run individual and group therapeutic sessions, perform crisis interventions on an as needed basis, and collaborate with school personnel regarding behavioral interventions, social/emotional concerns, and best practices within the school regarding students with emotional needs.

If you would like to discuss a recent incident that has taken place at home or school, or would like advice on available services inside and outside of school please feel free to reach out.
