

High School Art at Academy of Science and Innovation:

This year in all 9-12 grade art courses Ms. Thompson will be sending home art packets with materials and supplies needed to complete coursework. All students will be responsible for their art materials and will be expected to upload pictures of their work from their sketchbooks to their class Schoology page for grading. All high school students will be required to participate in discussion threads in their classroom Schoology pages that will require a daily check of their Schoology page and active daily participation in all coursework and discussions. At the beginning of each class a daily “do now” assignment that will be completed within the first 10-15 minutes of class time will be posted and expected to be complete so being on time and logged in for class is very important. All students must show up for class and stay the entire class period, run their video so that Ms. Thompson can see them and actively participate by asking questions and engaging in their work for classroom discussion. Each class will have all expectations and a class syllabus available for review at any time in their classroom online schoology pages. Ms. Thompson will go over all classroom procedures and all expectation within the first few weeks of school and online class.

At home students will be required to have a pencil, any art materials sent home to them readily available during every class time and access to the following:

Markers

Highlighter

Masking tape or scotch tape

Ruler

A cellphone camera that will allow you to take pictures and upload your work for grading and feedback.

Ms. Thompson will require clear and cropped photos to be taken from a camera so she can see and provide feedback of all coursework you are working on at home. She will require this continuously and consistently so that she can see that online students are working everyday on their work from home.

Please note that work pictures will be required and therefore Ms. Thompson will be checking to see that your art work is consistently being worked on and not being done in a rush last minute before a due date. Some Grading will be based on the amount of consistent effort and consistency you are demonstrating online by posting and sharing work every week and your active participation in class discussion threads online in combination with completing all online and classroom generated assignments.

Looking forward to meeting you in class and online.

Ms. Thompson
